

This is a great opportunity for youth who are committed, driven, and desire a brighter future for themselves. Are you ready to become a leader in your community? See change in your community? Help someone in need? Are you serious about changing the course of your future?

*Students learn hands on classroom training.*

If so then you are who we are looking for to be a part of this program. Please stop by the Administration office of Greater Shiloh Missionary Baptist Church to receive an application. The pathways are many for this YouthBuild program. We need those who are ready to commit themselves to bettering their futures and their communities.

*“We are offering pathways to a brighter future!”*

## A Brighter Future!

YouthBuild is a National Organization which works to unleash the intelligence and positive energy of low-income youth to rebuild their communities and their lives. There are more than 225 YouthBuild programs in the U.S. that have participated in building 17,000 units of affordable housing. However, YouthBuild is not just building houses but building individuals who through some form of economic deprivation, may have been slighted in life, need a boost of self-esteem or even someone to recognize that they matter.

For unemployed, out-of-school young people, YouthBuild is an opportunity for them to reclaim their educations, gain the skills they need for employment, and to become leaders in their communities.

YouthBuild takes pride in building Youth who will one day become better Adults with direction for a better community.

## WHAT WE DO

The Cornerstone Revitalization Foundation YouthBuild Program is a full-time program rooted out of a Faith based organization that want to help youth earn their GED or High School Diploma and give them the steps that may even lead to some form of secondary education, hands-on training to start a career of your choice or the construction-trade industry. Each student will be given a weekly stipend as well as other incentives to encourage them through the program.

Through the YouthBuild program you will learn green-building techniques while con-
